Live Projects

DMGV Site

<https://www.dmgv.in/>

Developed a dynamic website using **React, Tailwind CSS**, and **Redux** for state management. Demonstrated proficiency in modern web development technologies and responsive design.

May 2024

Locaudit Pro

Audit Your Campaigns

<https://locaudit-pro.locad.net>

Locaudit Pro, built with **React, Express, Node.js, MongoDB, and AWS**, streamlines audits with automated workflows, real-time collaboration, and detailed reporting. Available on **React Native** for Play Store and App Store, it enhances productivity and provides comprehensive business insights.

2023 - 2024

Plano

Make Your OOH & DOOH Plans.

<https://planoindia.locad.net>

Using **React** for the front end, we create an intuitive interface for clients to manage campaigns. **Express** and **Node.js** form the back-end, handling data operations and business logic. **MongoDB** stores client data and campaign details. **AWS** ensures scalability, secure hosting, and seamless inventory integration for optimal ad placement and ROI.
